

STAMM FOAL STARTER®

HIGHLY FORTIFIED YOUNG HORSE NUTRITION

- For Young Horses' Early Development
- Highly Palatable
- Nutrient Dense Textured Sweet Feed

Introducing the suckling foal to feed can be a challenge. Stamm® Foal Starter is perfect for nursing as well as orphaned foals. It's designed to provide minimal feed adjustment, exceptional appearance and uniform growth and body condition.

Stamm Foal Starter's highest-quality rolled grains wrapped in molasses make it an extremely palatable and highly digestible source of proteins, calories, vitamins and minerals. It can be the sole ration for management situations that demand simplicity and flexibility.

Stamm Foal Starter is fortified with Stamm 30®, the industry's most highly valued equine protein, vitamin and mineral supplement. Stamm 30 provides bioavailable sources of critical micronutrients to both mature and developing horses.

Feeding Instructions

Feed at the rate of ½-1 pound per month of age per day as a starter ration to a nursing foal. Feed 1 pound per month of age per day to an orphaned foal consuming milk replacer or an early weaned foal. Stamm Foal Starter is fully-fortified, so additional protein, vitamin or mineral supplements are unnecessary if fed as directed. Always provide clean, fresh water and high quality hay.
